Page 12 of this report has an update from DHS on the ARKEMA Plant.

- 1) <!--[if !supportLists]--><!--[endif]-->What do we have on this? FEMA Administrator wants to make sure that safety is sought after (evacuations were done yesterday), to control any media attention this may receive.
- 2) <!--[if !supportLists]--><!--[endif]-->what do we have on aspect overflights of this? FEMA would like to see any aerial pictures of this site if we have them yet.
- 3) <!--[if !supportLists]--><!--[endif]-->We have reports of the organic peroxides from this facility being moved onto rails—and questions: are they safe at the new location? Are they being monitored?

Thanks,

Laura
